WORK EXPERIENCE

Frontend Developer (Internship)

PixelCraze Media

📅 August 2023 - current 📍 Bangalore, India

- Designed and deployed Azure DevOps and Azure Storage solutions, boosting infrastructure performance by 20%.
- Assisted in integrating frontend interfaces with backend APIs built using Node.js, ensuring smooth data flow and dynamic content rendering.
- Resolved 20+ instances of software license non-compliance, saving around $54,000 in potential fines and penalties.
- Automated 8 routine IT tasks using Selenium to free 11 hours of staff time on average per week.

Frontend Developer Intern

CodeNest Technologies

📅 July 2023 - current 📍 Pune, India

- Achieved a monthly customer satisfaction rating of 98%, ranking within the top 3% of Technical Support Representatives at Comcast.
- Upsold additional Comcast services to existing Xfinity Internet customers, resulting in over $21,000 in increased annual revenue.
- Contacted customers with scheduled maintenance updates, reducing incoming calls by 65% on average.
- Handled 50+ support calls per day, addressing customer concerns related to product features and technical issues.

PROJECTS

Developer

StudySpot

📅 2024 - 2028

- Used React to create a seamless user interface on Android and iOS apps, doubling monthly downloads in 7 months.
- Implemented a code repository management system using Subversion, boosting code collaboration efficiency by 34%.
- Enforced secure data transfer protocols and encryption mechanisms and ensured user data remained protected.
- Introduced an analytics and reporting framework with Microsoft Azure, providing insights into user behavior and patterns.

CAREER OBJECTIVE

A seasoned IT professional passionate about software development, seeking a junior software engineer role at Bosch. Eager to apply my experience with Eclipse and C++ to create high-quality software products that contribute to the company's engineering efforts.
